

§ 1437.303 Aquaculture, including ornamental fish.

(a) Aquaculture is a value loss crop and is compensable only in accord with restrictions set in this section. Eligible aquacultural species shall only include:

(1) Any species of aquatic organisms grown as food for human consumption as determined by CCC.

(2) Fish raised as feed for other fish that are consumed by humans; and

(3) Ornamental fish propagated and reared in an aquatic medium.

(b) The aquacultural facility must be:

(1) A commercial enterprise on private property;

(2) Owned or leased by the producer, with readily identifiable boundaries; and

(3) Managed and maintained using good aquacultural growing practices.

(c) Producers must:

(1) Ensure adequate and proper flood prevention, growing medium, fertilization or feeding, irrigation and water quality, predator control, and disease control; and

(2) Have control of the waterbed.

(d) Eligible aquacultural species must be:

(1) Placed in the facility and not be indigenous to the facility; and

(2) Kept in a controlled environment; and

(3) Planted or seeded in containers, wire baskets, net pens, or similar device designed for the protection and containment of the seeded aquacultural species.

(e) In the crop year in which a notice of loss is filed, producers may be required, at the discretion of CCC, to provide evidence that the aquacultural species are produced in a facility in accordance with paragraphs (b), (c) and (d) of this section.

§ 1437.304 Floriculture.

(a) Floriculture, except for seed crops as specified in paragraph (d) of this section, is a value loss crop and is compensable only in accord with restrictions set in this section. Eligible floriculture shall be limited to commercial production of:

(1) Field-grown flowers, including flowers grown in containers or other growing medium maintained in a field

setting according to industry standards, as determined by CCC; and

(2) Tubers and bulbs, for use as propagation stock of eligible floriculture plants; and

(3) Seed for propagation of eligible floriculture plants.

(b) Floriculture does not include flowering plants indigenous to the location of the floriculture facility or acreage.

(c) Eligible floriculture must be grown in a region or controlled environment conducive to the successful production of flowers, tubers, and bulbs, as determined by CCC.

(d) Claims on losses on the production of flower seed for propagation of eligible floriculture plants will not be treated under "value loss" rules, but under the rules for normal production low yield crops under subpart B of this part.

(e) The facility or acreage for eligible floriculture must be managed and maintained using good floriculture growing practices. At a minimum, producers are responsible for providing a controlled environment and must ensure adequate and proper fertilization, irrigation, weed control, insect and disease control, and rodent and wildlife control.

(f) In the crop year in which a notice of loss is filed, producers may be required, at the discretion of CCC, to provide evidence the floriculture is produced in accordance with paragraph (e) of this section.

(g) Flowers having any dollar value shall be counted as having full value for loss calculations. Damaged plants that are determined able to rejuvenate or determined to be merely stunted shall be counted as worth full value.

§ 1437.305 Ornamental nursery.

(a) Eligible ornamental nursery stock is a value loss crop and is compensable only in accord with restrictions set out in this section. Eligible ornamental nursery stock is limited to field-grown and containerized decorative plants grown in a controlled environment for commercial sale.

(b) The property upon which the nursery stock is located must be owned or leased by the producer.
